Career Objective

B.Tech student in Artificial Intelligence and Data Science with a strong academic record (CGPA: 8.4), seeking internship opportunities in Data Analytics, Artificial Intelligence, Machine Learning, and Data Science to apply programming, data analysis, machine learning, and problem-solving skills to real-world problems.

Education

B.Tech – Artificial Intelligence and Data Science

EASA College of Engineering and Technology (Autonomous), Coimbatore

Affiliated to Anna University

Currently pursuing Final Year – Semester 7

CGPA: 8.4 / 10

Expected Graduation: 2027

Technical Skills

- **Programming:** Python
- **Machine Learning:** Supervised and Unsupervised Learning, Linear Regression, Decision Tree, Random Forest, Gradient Boosting
- **Data Analytics:** Data Cleaning, Exploratory Data Analysis (EDA), Data Preprocessing, Feature Analysis, Data Visualization
- **Deep Learning:** CNN Basics, Transfer Learning
- **Explainable AI:** SHAP, LIME (Basic)
- **Web Technologies:** HTML, CSS, Streamlit
- **Database:** SQL, SQLite (Basic)
- **Libraries / Tools:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Plotly, Joblib, OpenPyXL
- **Development Tools:** GitHub, VS Code, Google Colab

Projects

E-Commerce Sales Analysis and Prediction Platform

- Developed a machine learning-powered platform for e-commerce sales analysis, forecasting, and business insights.
- Built an interactive Streamlit dashboard for KPI tracking, visualization, and filtering by Date, Category, Region, and State.
- Implemented and evaluated Linear Regression, Decision Tree, Random Forest, and Gradient Boosting models.
- Selected Random Forest Regressor as the best-performing model based on R^2 , RMSE, and MAE evaluation metrics.
- Implemented single-record and batch sales prediction, automated business insights, and CSV, Excel, and JSON report export.

Internship Experience

IBM SkillsBuild – BharatCares

Online

Academic Intern – Big Data & Business Management

6 Weeks

- Successfully completed the 6-week Virtual IBM SkillsBuild Academic Internship 2026 in Big Data & Business Management.
- Gained exposure to Business Intelligence, Data Analytics, Dashboard Development, and Data-Driven Decision Making.
- Developed practical understanding through industry-focused learning, mentorship, and project-based activities.

Certifications

- | | |
|---|---------------|
| • BharatCares 6-Week Big Data & Business Management Internship – IBM SkillsBuild | 2026 |
| • Artificial Intelligence Fundamentals – IBM SkillsBuild | June 2026 |
| • Getting Started with Data – IBM SkillsBuild | June 2026 |
| • Introduction to MS Excel – Microsoft / Simplilearn SkillUp | June 2026 |
| • Data Analytics Job Simulation – Deloitte | January 2026 |
| • Data Science & Analytics – HP LIFE | January 2026 |
| • SQL Server Foundations Course – ScholarHat | January 2026 |
| • Python (Basic) – HackerRank | January 2026 |
| • AI & Robotics – 1 Day Workshop – Forsche Technology Solutions | February 2026 |
| • CS205: Building with Artificial Intelligence – Saylor Academy | July 2025 |

Activities & Achievements

- Participated in National Level Ideathon – *Convergence 2K25*, Nehru Institute of Technology.
- Participated in *Sri Eshwar Thiran 2026*, International Techno Cultural Sports Fest, Sri Eshwar College of Engineering.

Soft Skills

- Analytical Thinking
- Problem-Solving
- Quick Learner
- Team Collaboration
